THOMAS PERDOLT
CEO GO2MARKET

„Konsultori and Petra Wolkenstein are extremely professional. Her experience really helped us to get through the first funding round. We were thrilled that the documents and arguments which we produced in the preparations stage were so well received in our search for investors and during negotiations. I appreciated such a straightforward, hassle-free and honest partner who never forgot our goals and timeline. Without Konsultori, we'd never have managed to achieve everything within such a short space of time.“
